

LITTLE PHARMA

DRUG RUN

NOVEMBER 06, 2008

Thursday, Nov. 6, 7–10pm MOCA Grand Avenue Sculpture Plaza

Starting at MOCA, participants will first meet for a costume-making workshop and other activities. Dressed as their favorite pharmaceuticals, they will then embark on a group tour of the late-night drugstores of downtown Los Angeles. The event will culminate at Fringe Exhibitions in Chinatown, which will be hosting an incarnation of Finishing School's Little Pharma, an interdisciplinary project investigating alternative medicines and lifestyles as viable antidotes to some of the drug industry's pathologies. Little Pharma is on view at Fringe Exhibitions from October 11 through November 8. Bring Your Own Bike!
