What are Pronouns?

When somebody shares their **personal pronouns**, they are naming the words that they want to be referred to by!

**EXAMPLES:**

- She/her/hers ("She loves...")
- He/him/his ("He loves...")
- They/them/their ("They love...")
How to Use **Pronouns**

“**Tatiana** loves being a MOCA Educator!”
“**She** loves being a MOCA Educator!”
“**They** love being a MOCA Educator!”

★ It is best to not make assumptions about the **gender** of another person based on a person’s appearance or name.
