

MOCA Teen Program

Application for **2022–23**

Thank you for your interest in the MOCA Teen Program, a paid position where juniors and seniors in high school learn about contemporary art and the museum by collaborating on projects, working with artists, and meeting with museum professionals. Because we are currently transitioning from a time of social distancing and virtual learning, we plan to adapt some of our most important experiences to an online modality, until we are able to meet in person at the museum. These projects may include working with one or more local artists, as well as planning and executing Virtual Teen Night, a website created by teens for teens. This diverse group of arts-interested students will meet online or at MOCA on Thursday nights and some weekends to work together and support each other on a journey of self-discovery.

Every step in the program is an opportunity for self-reflection and personal growth. Therefore, this application is designed to not only get information from you, but to help you gain experience in applying for other job opportunities as well as colleges or universities in the future.

We typically receive over 100 applications every year. The selection process is competitive and rigorous. First, we read every application, reviewing the essays before looking at the rest of your answers. We then compile a pool of applications that are expressive, indicate passion and/or enthusiasm, show creative thinking skills and have a strong interest in the arts. If an applicant has applied to the program before, their previous application essays will also be considered. Next, we select a smaller, diverse group of applicants for group and/or individual interviews. After these interviews, we select a balanced group of individuals who can fully commit to the year-long program. We aim to create a group that is diverse in their access to the arts, geographical location and school. We mostly accept incoming seniors but also admit a few juniors each year. Please note that this year a portion of the program will be held remotely.

Complete and return the next two pages of this application, by midnight on Monday, May 23rd, 2022 to [jespinosa@moca.org](mailto:jespinos@moca.org). We are only accepting online applications.

You will receive a confirmation email that your application has been received. If you do not receive a confirmation email by Wednesday the week after you submitted your application, email [jespinosa@moca.org](mailto:jespinos@moca.org). Please note that this is a paid museum staff position and selected participants will be required to show their legal right to work and a work permit when the program begins in September. If you have any questions, you may contact Jorge, at [jespinosa@moca.org](mailto:jespinos@moca.org) or Michelle, at mantonisse@moca.org. You can also find out more about MOCA and this program at moca.org/education/teens or mocateens.org.
